

I have truly enjoyed the decrease in number of annoying calls from telemarketers that I have received since signing up for the no call list in Indiana. My evenings are no longer interrupted. I do not think that the FCC should implement anything that would lessen Indiana's Telephone Privacy law protections. I think that it is very important that we are able to opt out of telemarketing calls. Those who do not mind, can stay available. I'm sure there are many others who feel the same way that I do in Indiana. Please do not make any changes.
